INTRODUCTION

ABOUT US.

ABOUT THE COMPANY

Tesco Structure LLP is a trusted construction company with over 15 years of experience in delivering high-quality projects for industrial, commercial, and residential clients. We specialize in Pre-Engineered Buildings (PEB), structural steel solutions, roofing systems, multi-storey construction, civil works, and architectural and structural consultancy. Our team focuses on strong design, quality materials, modern construction methods, and timely project completion. We are committed to building safe, durable, and cost-effective structures while maintaining long-term relationships with our clients through reliability and professional service.

COMPANY FACTS

Tesco Structure LLP has completed over 500 projects with the support of a skilled team of 50+ members. With more than 15 years of experience through our parent company, Quality Roofs, we work with 20+ reliable partners. Our core services include PEB structures, steel fabrication, roofing, civil works, architecture, interior design, and multi-storey buildings. We focus on quality work, timely delivery, and client satisfaction in every project.

Perfect Partners

50+

Team Members

We deliver precise, durable, and cost-efficient construction services across residential, commercial, and industrial sectors. Our strength lies in advanced steel fabrication, expert project execution, and a commitment to meeting stringent quality and safety benchmarks.

With a skilled workforce and modern technology, Tesco handles everything from customized roofing installations to complex structural steel frameworks and large-scale civil projects—all with an emphasis on timely delivery and engineering integrity.

Our Team

At our core, we are a dynamic team of seasoned engineers dedicated to transforming visionary concepts into exceptional, enduring structures. With a combined expertise spanning over four decades, we blend innovation, technical precision, and hands-on experience to deliver projects that exceed expectations.
